

L'assemblage en micro-usines

Colloque DTF-Micronarc

It is new creation of Earth friendly by "DTF"

"DESKTOP FACTORY"

The concept of **mono-zukuri**

- The “making of things”.
- It is a philosophy of “creating with perfection”.
- There are many companies in Japan who have concepts of “monozukuri”.
- The government created the “Monozukuri Nippon Grand Award”.

What can DTF offer to YOU ?

- **Selling** your machines in Japan.
- **Manufacture** your machines in Japan.
- **Distribute** our machines in Europe.

DTF nano-imprinter at EPFL

...from my view as DTF coordinator

EPFL Rolex Learning Center
by Japanese architects

- DTF is an **opportunity** for Swiss Companies.
- DTF represents a **network** in Japan.
- DTF has an **enduring relationship** with Switzerland (EPFL, EPMT).
